

Building and Maintenance Ministry

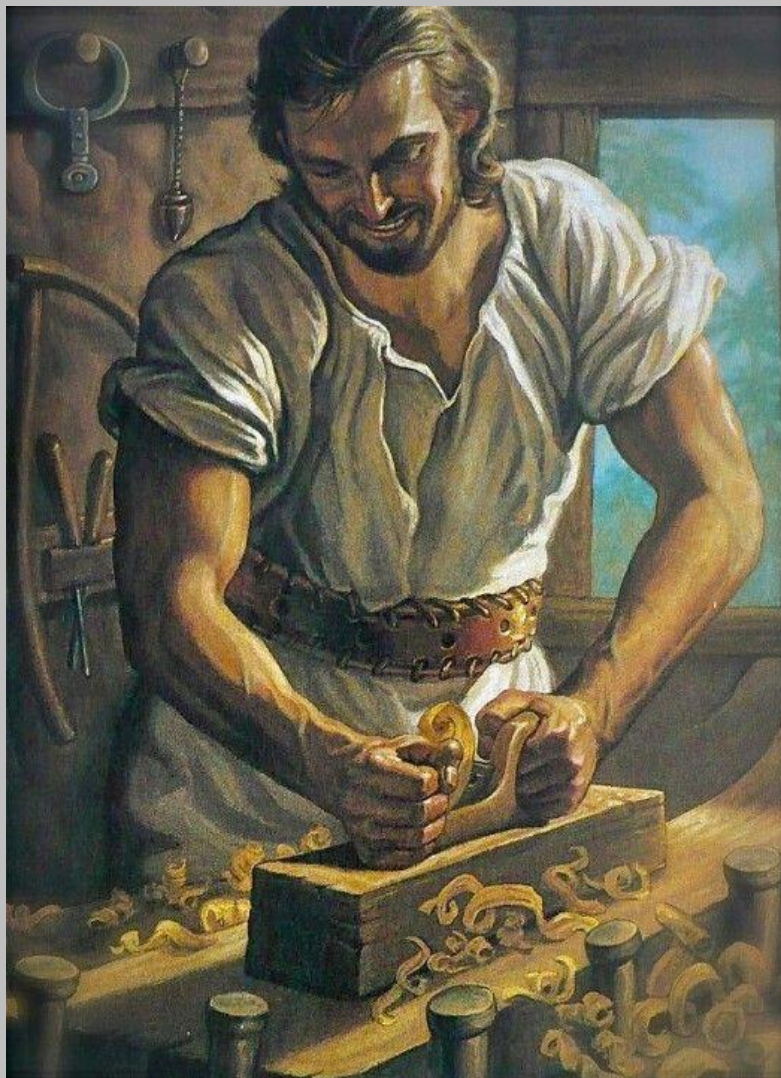

**If you have a knack for things mechanical,
you may want to consider your hand in the
Building and maintenance ministry at The
River.**

**Under the leadership of Brother Luke
Miller, assisted by Brother Pat Blocher, This
ministry is of vital importance to The River.**

Whether you like to “build things”, “fix things”, “mow grass”, “work on busses, buildings”, or just help wherever you can you might be interested in this ministry.

If you are, you’re in “good company” as you may have heard that Jesus was a carpenter.

See Brother Luke if you are interested in helping in this ministry.
